

## SURE FIT™ SERIES - Cuda / Barracuda / Challenger

Non-Factory Air Dash Shown

### Cuda/Challenger Gen-IV SureFit™ System Features:

- Electronic servo motor controls - No cables or capillary tube to route!
- Separate high capacity heat and cooling coils.
- Mounts completely behind dash.
- A/C exits through original dash vents in factory a/c cars.
- Includes new in-dash control panel.
- Dehumidified defrost with infinite dash/floor blend.
- Infinite blower speed.

### The Gen-IV All-In-One Kit For Your Classic Mopar!

**EVAPORATOR KIT:** Air conditioning, heating and defrost combination designed specifically for your vehicle. Original a/c control assembly in your console connects to and controls this unit. Designed to mount to existing holes in your dash and firewall without drilling\* or fabrication. Evaporator kit comes complete with all mounting brackets, hardware, louvers, duct hose, wiring harness and installation instructions.

**COMPLETE KIT:** All above plus condenser and drier package. Attaches to existing radiator mounting holes. No drilling\* or fabrication required. Comes complete with condenser, mounting brackets, standard drier, pre-formed aluminum lines and mounting hardware.

**NOTE:** Some installations may require additional engine pulleys not included with kits. See page 56 for options. You must provide v-belts and refrigerant.

We recommend using a heavy duty fan blade and shroud see pages 68-71.

## ANNUAL OPEN HOUSE

When our dealers travel to San Antonio each year for the dealer meeting they also know that our evening open house will feature a parking lot full of hot rods and customs, tasty bar-b-que, and a swingin' country band! It's a tough job but somebody's got to do it!
