

SURE FIT™ SERIES - 1969-1970 Mustang

GEN IV

Vintage Air Sure Fit air conditioning, heating and defrost systems for Mustangs are designed specifically for each application. We match the coil and blower to give you the maximum amount of comfort in your vehicle and still retain the factory look inside. Factory controls are used.

Mustang Sure Fit™ System Features:

- Electronic servo motor controls - No cables or capillary tube to route!
- Separate high capacity heat and cooling coils.
- Mounts behind dash.
- A/C exits through original dash vents in factory a/c cars.
- Dehumidified defrost with infinite dash/floor blend.
- Infinite blower speed.

Complete kit includes: Evaporator, condenser, drier, compressor, compressor bracket, hose kit and hi/lo safety switch.

The All-In-One Kit For Your Classic Mustang!

EVAPORATOR KIT: Air conditioning, heating and defrost combination designed specifically for your vehicle. Original deluxe control assembly in your dash connects to and controls this unit. Designed to mount to existing holes in your dash and firewall without drilling* or fabrication. Evaporator kit comes complete with all mounting brackets, hardware, louvers, duct hose, wiring harness and installation instructions.

COMPLETE KIT: All above plus condenser and drier package. Attaches to existing radiator mounting holes. No drilling* or fabrication required. Comes complete with condenser, mounting brackets, standard drier, pre-formed aluminum lines and mounting hardware.

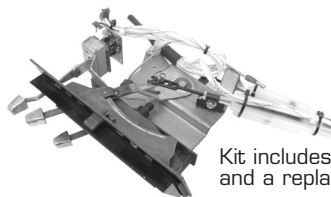

NOTE: Some installations may require additional engine pulleys not included with kits. See page 64 for options. You must provide v-belts and refrigerant.

ANNUAL OPEN HOUSE

When our dealers travel to San Antonio each year for the dealer meeting they also know that our evening open house will feature a parking lot full of hot rods and customs, tasty bar-b-que, and a swingin' country band! It's a tough job but somebody's got to do it!
