

GEN II - State Of The Art Climate Control

GEN-II™ SYSTEMS

- Come complete with:
- Evaporator and Mounting Brackets
- Wiring Harness
- Adjustable Servo Heater Control Valve
- A/C Duct Hose
- Drain Kit
- Defrost Option Includes Hoses and Ducts

61005 Series - GEN-II Super Cooler - Specify Heat & Cool or Heat, Cool & Defrost model. THE ABSOLUTE PERFORMANCE LEADER! State of the art GEN-II servo motor control technology is the foundation of our most popular heat & cool system ever. Amazing performance is achieved with the GEN-II Super's new "D" shaped air outlets. As an added benefit, you can position all 4 louvers wherever you need them. The ideal system for the largest sedans and wagons. Features true bi-level operation in cool and heat modes and a more powerful dedicated dehumidified defroster mode.

Choose In-Dash or Under-Dash Controls.

GEN-II Systems available with 4 Lever or 4 Knob shown below at standard price.

GEN-II 4-Lever dash mounted control panel. Horizontal or vertical style. (See page 26 for details)

49200-RHA
4-knob pod for under dash or hidden control installation.

68000 Series - GEN-II Compac - Specify Heat & Cool or Heat, Cool & Defrost model.

AMAZING PERFORMANCE IN A COMPACT SYSTEM! State of the art GEN-II servo motor control technology makes this mid sized package work better than most other's full-size systems. Amazing performance with three vents allowing you to position louvers wherever you need them. The ideal system for the coupes and smaller sedans and wagons. Features true bi-level operation in cool and heat modes and a more powerful dedicated dehumidified defroster mode.

605004-VUA for Super
180° Duct adapter for Super center vent. Turns air flow down for under dash louver use.

60500-VUA for Compac & Mini
180° Duct adapter for Compac and Mini center vent. Turns air flow down for under dash louver use.

623013-VUA for Super
Smooth diverter duct for Super directs heater air to left side of car when evaporator is mounted to extreme right side. Accepts 2" hose.

623000-VUA for Compac & Mini
Smooth diverter duct for Compac and Mini directs heater air to left side of car when evaporator is mounted to extreme right side. Accepts 2" hose.

SHOP TOUR

Vintage Air is constantly improving and reinventing performance climate control technology. Most of our product design and engineering is done on our computers using Pro Engineer CAD modeling software. This allows us to "virtually" test thousands of ideas and performance criteria before ever building a prototype system. We don't sell any product until it has been proven to perform.
