

## ACCESSORIES & PARTS

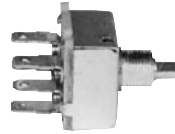

### Replacement parts for Vintage Air Systems

**11413-RUA** Gen-II Rotary pot (switch) for servo heater valve

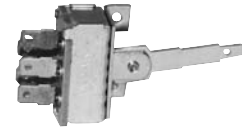

**11212-SUA** GEN-II Slide pot (switch) for servo heater valve

**11458-VUS** Rotary switch (Fan/mode)

**11600-VUS** Rotary switch 4 spade (Heater mode)

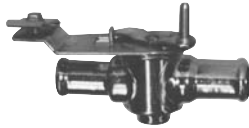

**11430-VUS** Lever switch (Fan/mode)

**11400-VUS** Lever micro switch (Fan/mode)

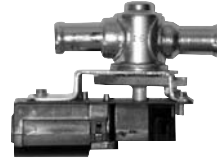

**46103-VUH** Vacuum heater control valve

**46105-VUH** Cable heater control (Pull to open)

**46104-VUH** Cable heater control (Pull to close)

**46114-VUH** Servo heater control valve for Gen-II systems

**11400-VUS** Micro switch for SureFit systems

**50507-VUA** Servo heater control valve for Gen-IV systems

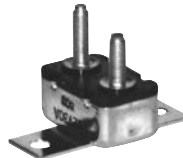

**33076-VUI** Expansion valve kit. For HFC-134a or R-12 systems (Includes valve, press tape and O-ring)

**44500-VUJ** 30 amp. relay

**44505-VUJ** 70 amp. relay

See page 81 for wiring harnesses

**23160-VUW** 30 amp. Circuit breaker

**23162-VUW** 40 amp. Circuit breaker

**11428-RUA** Push/Pull fan switch for all systems with 28" heater valve cable (use pull open heater control valve 46105-VUH)

**20557-VUP** Soft-light replacement bulb for Proline control panel

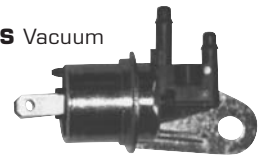

**65543-VUE** Vacuum motor

**11206-VUS** Replacement servo motor for GEN-II systems

**11542-VUS** Vacuum solenoid

Mini Gen-II shown

**11219-VUS** Mini Gen-II Heat, cool and defrost P/C board assembly (shown).

**11218-VUS** Mini Gen-II Heat, cool only P/C board assembly.

**11209-VUS** Supercooler/Compac Gen-II Heat, cool and defrost P/C board assembly.

**11208-VUS** Supercooler/Compac Gen-II Heat, cool only P/C board assembly.

(All come with wiring harness, plugs and ABS board box)

Evaporator drain parts

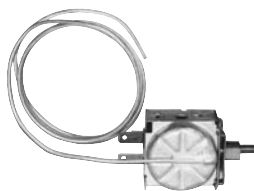

**31050-VUD** 1/2" ID drain hose  
**65595-VUE** 1/2" Straight drain  
**65597-VUE** 1/2" 90° drain  
**65598-VUE** 1/2" 90° drain elbow  
**65599-VUE** 1/2" Drain tee

**40151-VUG** Blower motor For Vintage Air Systems only (3 speed single 2" shaft)

**40152-VUG** Blower motor For Vintage Air Systems only (3 speed single 1" shaft)

For Vintage Air systems only. Specify VA evaporator model when ordering motor.

**11013-VUE** (Rotary 18") Evaporator thermostat

**11092-VUT** (Rotary 48")

**11090-VUT** (Lever 42")

**11088-VUT** (Lever for GEN-II control panel)

## TOTALLY COOLED GALLERY

Randy Clark and his team at Hot Rods & Custom Stuff took an already great car and raised it to their show winning standards. It features Air Ride suspension and big SSBC brakes all around. As always, Randy chose a Vintage Air Gen-II to keep the inside "just right" in this smooth black '65 Riviera GS.
