

SURE FIT™ SERIES - 1955-1957 Chevrolet

GEN IV

Tri-Five Chevy SureFit™ - Now Featuring Gen-IV™ Electronic Technology!

Get true bi-level air flow and Vintage Air's famous "just right temperature" air blending with our new Gen-IV technology. New separate heating and cooling coils and a SPAL permanent magnet blower motor give you the maximum capacity and performance available today. You simply plug in our exclusive electric potentiometer module to your factory deluxe 4 lever control assembly for a perfect factory look. No more cables, manual valves or capillary tube to hassle with.

Vintage Air SureFit Chevrolet a/c, heating and defrost systems are designed specifically for your classic Chevy. The Gen-IV SureFit systems require no fabrication and are designed to install using existing holes in your dash and firewall in most cases.

Optional four-vent plenum available.

**Hot Rod & Resto
Award Winning
Technology!**

Complete kit includes: Evaporator, condenser, drier, compressor, compressor bracket, hose kit and hi/lo safety switch.

The All-In-One Kit For Your Classic Chevy!

EVAPORATOR KIT: Air conditioning, heating and defrost combination designed specifically for your vehicle. Original deluxe control assembly in your dash connects to our cable replacement modules and controls this unit. Designed to mount to existing holes in your dash and firewall without drilling or fabrication. Evaporator kit comes complete with all mounting brackets, hardware, louvers, duct hose, wiring harness and installation instructions.

COMPLETE KIT: All above plus underhood kit including condenser and drier package. Attaches to existing V8 or 6 Cylinder radiator mounting holes (see next page for various radiator/core support combinations). Comes with SuperFlow™ condenser, mounting brackets, standard drier, safety switch, pre-formed aluminum lines, steel firewall cover plate and all mounting hardware. You must provide v-belts and refrigerant.

NOTE: Some installations or engine combinations may require additional engine pulleys not included with kits. See page 64 for options.

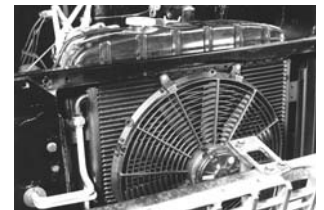

Stamped steel heater-delete panel is included in '57 Chevy Sure Fit kit (Includes rubber grommets).

62758-PCA Plate with holes pre-punched for a/c & heater hose.

64112-VCB Optional plate without holes.

For improved engine cooling:

32007-VUF Optional 1955-'57 Chevy Electric SPAL fan package with mounts. For use with SuperFlow condenser.

FACTORY TOUR

To further assure maximum quality in our systems Vintage Air acquired and moved in-house one of the top supply companies of Cuprobrazed™ process for building heater cores and cooling coils. Our Cuprobrazed team is L-R, Alex Maltos and Supervisor Doug Peterson.
