

Vintage Air Sure Fit air conditioning, heating and defrost systems for Novas are designed specifically for each application. We match the coil and blower to give you the maximum amount of comfort in your vehicle, greater air flow than your OEM system provided, and still retain the factory look inside your vehicle. Factory controls are used when possible.

Nova dash using factory controls.

**Chevy Nova  
Sure Fit™ System  
Features:**

- Mounts completely behind dash.
- A/C exits through dash vents.
- Heat exits at floor.
- Dehumidified defrost.

Complete kit includes: Evaporator, condenser, drier, compressor, compressor bracket, hose kit and hi/lo safety switch.

**The All-In-One Kit For Your Nova!**

**EVAPORATOR KIT:** Air conditioning, heating and defrost combination design J specifically for your vehicle. Original deluxe control assembly in your dash connects to and controls this unit. Designed to mount to existing holes in your dash and firewall without drilling or fabrication. Evaporator kit comes complete with all mounting brackets, hardware, louvers, duct hose, wiring harness and installation instructions.

**COMPLETE KIT:** All above plus condenser and drier package. Attaches to existing radiator mounting holes. No drilling\* or fabrication required. Comes complete with condenser, mounting brackets, standard drier, pre-formed aluminum lines and mounting hardware.

**NOTE:** Some installations may require additional engine pulleys not included with kits. See page 64 for options. You must provide v-belts and refrigerant.
