

**GEN IV**

1966 Mustang dash using factory controls.

Falcon/Ranchero SureFit cable system using the factory controls.

**Mustang Gen-IV SureFit™  
Falcon Sure Fit™  
System Features:**

- Mounts completely behind dash.
- Uses OEM control panel.
- A/C exits through dash vents or our under dash louvers.
- Heat exits at floor.
- Dehumidified defrost.

Complete kit includes: Evaporator, condenser, drier, compressor, hose kit and hi/lo safety switch.

**The All-In-One Kit For Your Classic Mustang or Falcon!**

**EVAPORATOR KIT:** Air conditioning, heating and defrost combination designed specifically for your vehicle. Original deluxe control assembly in your dash connects to and controls this unit. Designed to mount to existing holes in your dash and firewall without drilling\* or fabrication. Evaporator kit comes complete with all mounting brackets, hardware, louvers, duct hose, wiring harness and installation instructions.

**COMPLETE KIT:** All above plus condenser and drier package. Attaches to existing radiator mounting holes. No drilling\* or fabrication required. Comes complete with condenser, mounting brackets, standard drier, pre-formed aluminum lines and mounting hardware.

**NOTE:** Some installations may require additional engine pulleys not included with kits. See page 64 for options. You must provide v-belts and refrigerant.
