## Installation Instructions: 4-Way Square #6 - #10 Streamline Bulkhead (384600-MBA)

1. Cut out the bulkhead template and locate where you would like to place your bulkhead.
2. Level and tape the bulkhead template into place. Use a small center punch and mark holes.
3. Drill (4) 7/8" holes for the bulkhead fittings. Install the bulkhead with fittings as shown. **NOTE: Fittings may be arranged in any configuration.**

**NOTE:** Due to printing variances, measure the line below before using this template. If template is scaled properly, the line should measure 6 inches.
